# Survival of the latest

AI

# All about being Inventive

We see, listen, and breathe AI if we can put it. Share markets, technology start-ups, retail companies, bit coin and what not.

Researchers call AI as the New Survival Skill that each one of us must acquire in the near future. It is essential for individuals, communities and enterprises to navigate the world. From automating processes to analytics, AI would make major business players in the world to adopt sustainable methods, to tap multiple benefits.

Writers are exploring AI to develop Science fictions that would score billions in the entertainment industry.

## ABM4 attends Greenlam New Shade Launch Events

The most prominent stockiest of Greenlam Laminates in India, ABM4 Trades attends the launch events of new shades of Laminates.

While Mr. Mohammed Miandad V P, CMD of 33 Holdings and MD of ABM4 Trades launched the new shade in Calicut, the programs in Cochin and Chennai saw the presence of prominent officials from both organizations. ABM4 Trades upholds the unique advantage of being the only distributor with the most sophisticated processes and services, especially in the southern part of India where the brand holds a major share of business.
